Nick and I would like to say thank you with all our hearts to all the teachers at 'Rising Stars'.

From when Antony and Valentina started in the baby room, Gloria look after them as if they were her own with the help of Shweta, Liz and Vicky. They truly cared about every concern we had.

They helped me through one of the hardest things I have ever done, which was leaving my babies to go back to work.

When they moved to the middle room, Seema and Lucky and Neeraj helped them to transitioning from babies to toddlers. They helped them to grow into confident little people. Valentina loves going to school. She will miss Show and tell, being cheeky and sleeping on the floor.

And at last in the big room, Jonna, Minda and Andra have helped Antony to grown even more confident. He is so ready to go to school, but thoroughly will miss the singing the mat time, show and tell colouring and writing letters.

I remember when I came to see the centre and after visiting 15 day cares, I thought I would never find a place where I would be comfortable to leave my kids. Nita asked me what I was looking for and I said "I am looking for some where, where my Kids are loved, cuddled and cared for. We found this place here. Throughout the years we are happy to say our kids were loved.

Thank you Nita to keep it all together. You have created a very special place here.
